Great Damage Is Sustained In Three States.

SEVERAL PERSONS DROWN

Bridges Swept Away, Miles of Railroad Track Washed Out, Rivers Raging Streams and Quarter of Million Dollars' Property Loss.

Pittsburg, July 18.—The loss of several lives and great monetary damage has resulted from heavy rains throughout western Pennsylvania, eastern Ohio, and West Virginia during the last twenty-four hours. River and mountain streams are out of their banks, livestock has been drowned and bridges and buildings washed away, railroad tracks swept off or undermined, trolley systems demoralized, electric light plants put out of commission and hundreds of families compelled to abandon their homes and seek refuge on higher ground.

About this city the rivers have risen five feet in ten hours.

Parts of West Virginia have sustained heavy damage. Miles of track age of the Western Maryland and coal and iron railroads in Tucker and Barber counties have been washed away. Service on these roads is said to be at a standstill. In Tigart's valley the towns of Grafton, Rowlesburg and Tunnelton are almost submerged, the property damage amounting to nearly \$250,000.

At McCombs, W. Va., the house of Mrs. Mary Ballard was wrecked by high water and the three young children of Mrs. Ballard drowned. While hundreds of persons watched the raging Tigart river a large church floated down past Rowlesburg. Fifteen bridges were counted passing Grafton.

SPOKES ENTER BODY.

Automobiles Come Together and Impact Terrific.

New York, July 18.—While rustling along at express train speed two automobiles filled with merrymakers returning from Coney Island, crashed headon early Thursday on dimly lighted Ocean Parkway and in consequence one man is dead and two others fatally injured. The dead man is Thomas F. Donovan, New York, who was impaled on the spokes of his own machine. The injured are: Chapman Roper of Morristown, N. J., and an unidentified man. Donovan's machine carried no lights. Running along at sixty miles an hour, Donovan determined to take the other side of the road. He did not see Chapman Roper, driving a powerful machine, approaching in the opposite direction and running about forty miles an hour. The two machines was upon one another before the drivers realized what had happened. The crash reduced the machines to scrap iron. Donovan was thrown from his machine and the spokes of the broken wheel pierced his breast. Roper and his companion were found beneath the wreckage. A third automobile, which came flying along the avenue immediately after the accident, nearly collided with the wreckage.

SHOOTING IN SALOON.

Two Men Mortally Wounded and a Third Seriously Hurt.

Sergeant, Ky., July 18.—A terrible tragedy occurred in a saloon at Pound Gap on the Kentucky-Virginia line. Two men were fatally shot and will die, while a third is seriously wounded. William Robinson and John C. Centers, between whom an old grudge existed, met and Centers opened fire. Several shots were exchanged and Center fell mortally wounded. Half an hour later Babe Stewart and Isaac Bentley met and began shooting. Two shots had been fired by each when Bentley fell. Stewart was wounded.

ADJUDGED GUILTY.

Two Railroad Men Given Thirty Days Each on Chain Gang.

Asheville, N. C., July 18.—James H. Wood, district passenger agent and Ticket Agent O. C. Wilson of the Southern railway, who were arrested late Wednesday afternoon after the departure of Judge Pritchard for Raleigh, were found guilty in police court of selling passenger tickets in disregard of the rate law, and sentenced to thirty days on the chain gang. Mr. Wood is a member of the board of aldermen of this city.

COWHIDE HESTER.

Wife Witnessed the Deed and Fell to the Ground Unconscious.

Hopkinsville, Ky., July 18.—Masked night riders visited the home of Nathan Hester, a prominent Trigg county farmer, and severely whipped him with a cowhide in the presence of his wife. Hester is a member of the Tobacco Growers' association, but last year sold his crop independently. Mrs. Hester attempted to go to her husband's assistance, but fell to the ground unconscious and was revived with difficulty.

JOT GUNTER NO MORE.

Passes Away at San Antonio After Lingerin Illness.

LONG A LEADING TEXAN.

Coming to State When a Child, He Was a Confederate Soldier at Sixteen, After War Accumulated a Fortune and No Office Would He Accept.

San Antonio, July 18.—After a lingering illness Jot Gunter, one of the most prominent and wealthiest citizens of Texas, died Wednesday night. An artery near the brain breaking late Wednesday afternoon was the direct cause of his death. He was stricken with fever several weeks ago while returning from his Live Oak and McMillen county ranches.

Colonel Gunter, who was sixty-two years old, and a native of North Carolina, came with his parents when a small boy to Texas, the family first locating in Wood county, then removing to Upshur county. In the third year of the civil war, being then sixteen years of age, he joined the Confederate army.

Returning to peaceful pursuits, he attended Governor Roberts' law school, completed the course and was admitted to the bar. Soon after he married Miss Roxana Ford, daughter of Dr. Ford, one of the most prominent men in Texas. The union was a happy one, and his wife survives him. The couple had but one child, a girl. She married John Hardie of Dallas. She died some years ago, leaving three children.

Colonel Gunter practiced law at Sherman a long time, and was also in the real estate and cattle business. Through the purchase of state land certificates he became the holder of thousands of acres. He practiced law at Dallas for a while, but returned to Sherman. On account of his health deceased came to this city seven years ago.

Colonel Gunter was a prominent figure in Texas politics. He was tendered office time and time again, but always refused. He has not missed a state Democratic convention since the civil war. He has always been a strong supporter of Hogg, Culberson and Bailey. The latter was with him when death came.

Governor Culberson offered to appoint him railroad commissioner, but he refused. He was prominently mentioned for governor on many occasions.

Colonel Gunter acquired the title "colonel" through his connection with the Texas militia. He was sent to Fort Worth in 1886 to suppress the railroad strike there, and had command of a regiment of militia during those stormy scenes.

For eighteen years he was the staunch political supporter of Senator Bailey, and one of his closest friends. Senator Bailey cancelled several speaking engagements and went to the bedside of his dying friend.

AT FORT WORTH.

Appeal in Waters-Pierce Case to Be Heard in November.

Sherman, July 18.—The United States circuit court of appeals, convening at Fort Worth on the first Monday in November, will at that term review the order of Judge David E. Bryant of the Eastern district appointing Chester B. Dorchester of Sherman receiver of the properties of the Waters-Pierce Oil company in Texas. Assistant Attorney General Lightfoot, representing the state, and Hon. G. W. Allen, representing Robert J. Eckhardt, the receiver appointed by the district court of Travis county, made their appearance before Judge Bryant in chambers and gave formal notice of appeal from his order, declining to vacate a preceding order appointing Chester B. Dorchester receiver. Incidentally several papers were filed with District Clerk Brackett, inclusive of citations, petitions and routine process, but in substance the only business transacted incidental to the visit of Messrs. Lightfoot and Allen was the notice of appeal accompanied by a cost bond, which was approved. Judge E. B. Perkins, counsel for the intervenor, Henry Clay Pierce, and Judge H. O. Head, representing Receiver Dorchester, were present at the filing of the notice of appeal.

Negress Incinerated.

Nacogdoches, Tex., July 18.—While attempting to ignite a fire with coal oil at the home of W. J. Chancellor, twelve miles from here, an explosion ensued and the clothing of Roberta Miers, a negro girl, caught fire. Her flesh was cooked and she died in agony a few hours afterward. The stove was demolished.

Dirt Broken For Station.

Waxahachie, Tex., July 18.—Dirt was broken for the foundation of the Trinity and Brazos Valley railway passenger station. Material for the building is being placed on the ground and work of construction will begin in a few days. The structure will be of brick and cost \$15,000.

Served Sixteen Years.

Fort Worth, July 18.—After serving sixteen years as adjutant of R. E. Lee camp of United Confederate Veterans W. M. McConnell has tendered his resignation.

GAVE A DINNER TO EX-SLAVES.

Capt. A. F. Wilson was Host at His Beautiful Plantation in the Brazos Bottom Yesterday.

Several of the Bryan friends of Capt. A. F. Wilson on yesterday responded to an invitation to attend a barbecue dinner given at his beautiful Brazos bottom plantation, near Carr's Switch, above Mumford. The dinner was given especially for the ex-slaves of Capt. A. F. Wilson's father, the late Col. T. D. Wilson. Of the one hundred and seventy-five or more negroes who belonged to Col. Wilson, only nine now remain and all were on hand, most of them being still hale and hearty, but some are growing old and feeble.

Capt. Wilson's plantation embraces eleven hundred acres of highly improved and fertile land on which splendid crops are growing. Five artesian wells water the place abundantly and there is found every other convenience of a country home. His residence is situated in the midst of a splendid grove of box elders, pecans and walnuts, which make the large grounds with a carpet of Bermuda grass, cool and delightful. In addition to this he has a fishing and hunting lake which is the delight of many of his friends who love duck shooting and fishing.

Yesterday was observed as a general holiday on the farm and all the negroes on the place, probably one hundred and twenty-five of all ages, and many others from surrounding plantations, were merrymaking all day long. Long tables were aranged under the trees and a dancing platform was provided.

A magnificent barbecue dinner was served with all kinds of fine meats cooked and seasoned faultlessly. Capt. Wilson had his friends from Bryan and the surrounding country served first in two large rooms of the house, and afterwards the colored people had dinner under the trees, a special table being provided for the old plantation negroes, Luke Batte, Mattie Lethridge, Nathan Adams, Albert and Tom Murphy, Shep and Nelson Wilson, Burt Redmon and Grace Caldwell.

Capt. Wilson's guests for the day were J. A. Myers, J. E. Covey, Jas. H. Webb, J. Webb Howell, Luther Taylor, A. E. Dally, W. S. Wilson, Jr., M. H. James, W. E. Astin, M. Carnes, S. J. Adams, Dink Adkins, Fred Woods, Ollie Scott, Bev. Beckman, A. M. Horton, Lige Curry, R. H. Seale, George Seale, W. W. and Charles Gainer, Baker Loftin, Jim McNutt, Milton Sims, P. A. Reed, George Dunn. Capt. Wilson was assisted in duties of host by Capt. Bob Adams, manager of the plantation, and to both of these gentlemen all present feel under lasting obligations for the unbounded hospitality of the occasion.

LAMANA TRIAL.

Strong Circumstantial Evidence Against Two.

Hahnville, La., July 18.—That Mrs. Campischiano, one of the women accused of the Lamana boy's murder, will probably not receive an extreme sentence became evident Wednesday when the prosecution closed its case after less than two days of evidence taking without having directly connected the woman with the crime. Of the other three prisoners, the woman's husband and Gendusa—go-between for the ransom money—have had strong circumstantial evidence given against them. Of the remain prisoners, it has been testified only that he kidnapped the child in New Orleans and gave his wagon to the gang which carried the little fellow away and later strangled him.

In the final bringing together of the threads of its evidence the prosecution showed that the Gebbia household, two of whose members stand charged with the murder, and who are to be tried next week, was the meeting place for the kidnapers while the plot was forming. From the testimony about these meetings in New Orleans damaging evidence was given against the four Italians who are still at large, and who are charged with having actually committed the murder.

Witnesses again testified that Mrs. Campischiano had persuaded a would-be rescue party from going to find the boy. This, however, was the only evidence against her.

The prosecution went into detail as to the go-between, Gendusa's actions, showing that he reduced the ransom price from \$6,000 to \$2,000. Friends of the family of Lamana tried to raise money, and offered, which they said was all they could get to save the boy. Gendusa refused this sum.

Testimony was given as to whether Campischiano was treated with violence when he confessed. Judge Philip Paterno, representative of the New Orleans vigilance committee, who was present, said the whole affair was a pantomime, and that there was no violence.

The first witness for the defense, Jose de Paula, a neighbor of Campischiano, denied that the latter made an agreement to shield another man in return for the care of Campischiano's children. De Paula, on cross-examination, admitted all the material facts which the prosecution has brought out as to Campischiano's connection with the crime.

A new phase of the case has developed. It was learned that Campischiano asked permission of his attorney and the prosecutor to testify that the murder was committed at the suggestion of Leonardo Gebbia, who has been considered a state witness, and who for this reason, will not be tried until next week. Campischiano said Gebbia went from New Orleans to the boy's hiding place to tell the captors that on account of public indignation they could no longer keep the lad alive, and that the boy was immediately killed.

SOON STOPPED.

Jack Johnson Gets Decision Over Fitzsimmons In Second Round.

Philadelphia, June 18.—Jack Johnson stopped "Bob" Fitzsimmons in the second round of a six-round boxing bout before the Washington Sporting club Wednesday night. Fitzsimmons did not show a trace of his former prowess, and it is probable that Johnson could have stopped him in the opening round if he had cared to do so. The blow that put Fitzsimmons out was a light right to the jaw. The old man fell to the floor, and as he made no attempt to rise, the referee stopped the bout. The hissing which usually follows knockouts of this character was absent, the spectators evidently taking compassion on the former pugilistic star.

Referee Keenen refused to act in the ring because he had heard that Fitzsimmons had a badly sprained arm. The manager of the club then entered the ring and watched the uneven match. In the opening round Johnson tapped Fitzsimmons when and where he chose, and the latter was unable to even land his famous counters.

When two miles out of the city, the automobile ran into a stone wall, threw the occupants out and was wrecked.

This For Catarrh.

See tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, JULY 19, 1907

The boll weevil has made it to north Texas and the crop reports from that section is not favorable.

Bryan will be ready for the opening of the cotton season with an up-to-date oil mill, compress and four gins.

Japan will hold a World Fair in Tokio in 1911. The Mikado probably had rather show us than to try to lick us.

Now is the time for Bryanites visiting other sections to sow good seed in behalf of our splendid schools that will bear fruit in increasing the attendance this year, or maybe a year hence. A good word spoken for your town is never lost.

An unusual number of Bryan merchants are overhauling their stores and making improvements in advance of the opening of fall trade. Bryan will be found ready at the proper time with enlarged stocks and greatly improved facilities for handling business.

Burn the mail order catalogues and be reciprocal in your business affairs. The home merchant should have the first chance at your trade at least. He is the man who is never overlooked when there is a collection to be taken up.

The Eagle believes it, and will stick to it that the Brazos county country is excelled by none in the state for the man who wishes to acquire a home and a reasonable measure of independence. It is not the prettiest country in the state to look at, but it can stand more hard knocks and then come through with a good crop than any county we know of. The people are prosperous, hospitable, moral and law abiding. They believe in good roads, good bridges, good schools and churches.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative is the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well

NEW LAW POINT.

Three Fort Worth Judges Make Interesting Ruling.

Fort Worth, July 18.—According to decision rendered by Judges Dunklin, Smith and Simmons, sitting as tripartite court, H. E. Mills, on trial in habeas corpus proceedings charged with running a poolroom in violation of the state anti-gambling laws, was discharged in one felony case and remanded for trial in three misdemeanor cases. The case was decided on a point of law which had not hitherto been raised in connection with cases of this character. Judge Dunklin, as the spokesman of the court, made no mention of defendant's contention that the wagers were consummated out of the state. He stated that in the opinion of the court defendant had violated the law prohibiting "bookmaking" by receiving and posting odds made by bookmakers at the track where the races are run. An exhaustive search had been made by attorneys for decisions bearing on this point, but none could be found, and it is thought that this is the first time that this feature of the case has been considered by any court.

The felony case against Mills was brought under what is known as the Dean law, the recent sweeping enactment against all forms of gambling. The court ruled that this statute is a general one, while a specific law exists on the matter of betting on horse races.

The court's decision will not be contested by the poolroom interests. It was announced after decision was rendered that pleas of guilty would be entered in pending cases and no effort made to resume business.

WATER QUESTION.

Trouble Imminent Among Commissioners Over the Water.

Fort Worth, July 18.—There is trouble brewing among the Fort Worth commissioners over the water question. Four former city officers have been conducting a quiet investigation for several days with the result that they will now bring charges that since June 15 Water Commissioner Stephens has been mixing river water with the artesian water supply. They allege he has done this secretly so as to avoid criticism of his department, and they claim to have investigated the matter so thoroughly that they can tell the exact quantity of water that has been used from the river. This, they say, is 1,000,000 gallons. Commissioner Stephens indignantly denies the charges. At next open meeting of the commission ex-Mayor Powell will file open charges and Stephens will answer.

SIX-MILE MARCH.

Over Ten Thousand Elks Parade at Philadelphia.

Philadelphia, July 18.—The climax of the Elks was reached Thursday when more than 10,000 members marched six miles along Broad street in annual parade, and nearly all of Philadelphia took a holiday to see the spectacle. It is believed that no such crowd as that which lined Broad street Thursday ever gathered on that highway. Heedless of the scorching sun, hundreds of thousands of men, women and children stood along the routes of the procession for hours and waited patiently until the pageant came swinging down the hot asphalted street. Fifty grand stands lined the route, which extended from Huntington street to Reed, a distance of four miles, with two-mile counter marches to Vine street. Business for the most part of the day was practically suspended in honor of the festive occasion. About 100 lodges from cities and towns from the Atlantic to the Pacific participated in the parade. There were ten divisions and they were under command of Grand Marshal Sullivan of New Orleans, grand esquire of the Elks. The Philadelphia lodge, the host of the occasion had the right of line with 1,600 men. New York lodge followed. Other lodges, which marched, included those from Cincinnati, Indianapolis, Memphis, Wheeling, New Orleans, El Paso, Newbern, N. C., and Florence, S. C.

FATAL FIST FIGHT.

Soldier Killed in an Altercation With a Teamster.

Little Rock, July 18.—Charles P. McFarland, a private of the Sixteenth Infantry, stationed at Fort Logan Root, was killed while engaged in a fist fight with Harry Miller, a teamster. It is stated that no bad feeling had previously existed between the men, but a slight misunderstanding led to the encounter, and Miller, who is of huge frame, struck McFarland a powerful blow with his left, the latter sinking to the ground and expiring almost immediately. Miller was arrested. McFarland was formerly a member of Company E, Thirtieth Infantry, now en route to the Philippines.

SULLIVAN SUICIDES.

Was Private Secretary of the Late Samuel J. Randall.

Philadelphia, July 18.—Michael Sullivan, one time private secretary to the late Samuel J. Randall when he was speaker of the national house of representatives, committed suicide by jumping from a ferryboat into the Delaware river. He had been for a long time an inmate of the soldier's home at Hampton, Va. Despondency is believed to have been the cause of his suicide.

Montgomery, July 18.—In reports made to President Seymour of the Alabama section of the Cotton association it is indicated the cotton crop of Alabama with average conditions from now on will make 65 to 70 per cent of a crop. With ideal conditions 80 per cent may be made, but they will have to be in practically every way propitious.

Baud Bros. Assign.

New York, July 18.—Fearing that the failure of one of their Mexican correspondents would financially embarrass them the firm of Baud Bros., commission merchants, made an assignment. Figures regarding the liabilities or assets are unavailable yet, but it is said that the creditors doubtless would be paid in full. The firm is rated at \$1,000,000.

ALL ON BOARD ARE SAFE.

Allegheny Consumed by Flames Near Savannah.

Savannah, July 18.—The steamer Allegheny, Captain Freeman of the Merchants and Inners' Transportation company, bound for Philadelphia from Savannah, was destroyed by fire two miles off Tybee island at 10 o'clock Wednesday night. All of her thirty passengers and crew were saved, but the ship, her cargo and all baggage on board is a total loss.

Fire was discovered amidships with in two hours after the steamer left her dock, the engineers, boilermen and firemen being driven from their work by a blast of smoke. In this crippled condition the Allegheny began to drift, her course being toward the beach. The first cry of fire sent several excitable passengers to the rails and the members of the crew prevented a number from jumping overboard in a mad desire to leave the burning vessel.

After the first few minutes order was restored, and in the ship's boats and boats sent out from Port Severn manned by soldiers, every person was brought ashore.

Captain Freeman and five other officers were the last to leave the Allegheny, and seemed to be coming from a sheet of flame. All of the persons saved from the vessel were brought back to Savannah on a government dredge, leaving the hull of the steamer still burning.

"The ship's gone. We've saved nothing," was Captain Freeman's brief report. A few suit cases scattered among the passengers represented the total salvage.

All passengers on the Allegheny were saved. They were transferred to the government dredge and brought here.

ABDICATION ASKED.

Premier of Korea Requests Emperor to Step Down and Out.

Seoul, July 18.—The premier has asked the emperor to abdicate, claiming this step is necessary for the preservation of the empire. The emperor sent for Marquis Ito of Japan, and it was said Thursday morning the emperor would soon doubtless arrive at a decision.

The report that the emperor would attempt to seek refuge in a certain consulate is officially discredited, but it is thought that evidently intriguers are at work on a plan to remove him from the palace. A rumor that he has privately ordered the palace guards, 1000 strong, to shoot any suspicious persons is causing dismay to those not concerned in the plot.
